"The metal that makes impossible possible"

# INNOVATIVE STRUCTURAL ENGINEERING SOLUTIONS

---

Innovative Steel Structures.  
Endless Possibilities.

# WHO WE ARE

STW is a structural overall engineering design consulting and steel fabrication company.

We specialize in all forms of structural steel buildings and will design any form, shape or size you require.

Our business is refined by years of experience and powered by an ambition to meet the diverse and particular needs of our target market since 2008.

## OUR AREAS OF EXPERTISE

GA & Fabrication  
Drawings

Steel Structure  
Design

Industrial PEB  
Shed Design

Steel Structure  
Fabrication

Commercial  
Building Design

Multi-Storey  
Steel Buildings

Quantity Estimation  
& BOQ

Structural Detailing  
Services

# OUR DESIGN & CONTRACTING DOMAINS

## Pre Engineered Sheds & buildings

Long life for both industrial and Multistory Commercial Buildings

## Conventional Shed ( Tubular structures)

Economic Cost effective sheds & temporary sheds

## Processing Plant steel structures

Processing plants, machine platforms, and material handling structures.

## Multistory Commercial buildings

Spacing saving and fast construction

## Pre-fab building structures

Economic cost effective fast construction buildings like office / canteens / labour accomodations

## RCC Commercial structures

Apartments / corporate office / pharma industries / Clean rooms structures etc.,

# ARCHITECT SERVICES

## EXTERIOR & INTERIOR

Modern and functional designs that blend aesthetics with practicality.

## 3D WALKTHROUGH VIDEO

Realistic walkthroughs that bring your future space to life before construction.

## LANDSCAPING

Thoughtful landscape designs that enhance the beauty and value of your property.

## 3D PLAN

Accurate and detailed 3D plans for better visualization and planning.

# STRUCTURAL SERVICES

## RCC STRUCTURES

Strong and reliable RCC structures designed to meet the highest standards of safety and durability.

### RESIDENTIAL

### COMMERCIAL

### INDUSTRIAL

## STEEL STRUCTURES

High performance steel structures for a wide range of industrial and commercial applications.

### WAREHOUSE

### FACTORY

### INDUSTRY

### CONVENTION HALL

### PROCESS PLANT

### POULTRIES

# MEP SERVICES

Comprehensive MEP solutions that ensure efficiency, safety and comfort across all types of buildings.

## MECHANICAL SERVICES

### HVAC

Efficient heating, ventilation and air conditioning solutions for optimal indoor comfort.

### FIRE FIGHTING

Design and installation of reliable fire protection systems for life and property safety.

## ELECTRICAL SERVICES

### ELV SYSTEMS

Advanced low voltage systems including CCTV, access control, PA system, network and more.

### POWER & LIGHTING

Efficient power distribution and lighting solutions for safe, reliable and energy-efficient operations.

## PLUMBING SERVICES

### DWV

Efficient Drainage, Waste and Vent systems for safe and hygienic waste management.

### PHE

Reliable Water supply systems ensuring consistent pressure and optimal usage.

# ONSITE STRUCTURAL CONSULTING

Expert onsite evaluation and analysis to ensure the safety, stability and longevity of your structures.

## STRUCTURAL AUDIT

- Comprehensive assessment of existing structures.
- Identification of defects, distress and potential risks.
- Detailed reporting with recommendations for remedial measures.

## STRUCTURAL TESTING

- Non-destructive and destructive testing methods.
- Concrete, steel and material testing.
- Accurate results to evaluate structural integrity and compliance with standards.

# STRUCTURAL SOLUTIONS

BUILDING STRONGER.  
BUILDING BETTER.

## OUR EXECUTION NETWORK

Delivering high-quality structural and steel fabrication solutions across key industrial regions of India with precision, reliability, and timely execution.

### MULTI-STATE OPERATIONS

Serving clients across major industrial states.

### INDUSTRIAL & COMMERCIAL PROJECTS

Expertise in delivering industrial and commercial structures.

### END-TO-END SOLUTIONS

From design to installation, we handle it all.

### CUSTOM FABRICATION SERVICES

Precision fabrication tailored to meet unique project requirements.

### RELIABLE PROJECT EXECUTION

Committed to safety, quality, and on-time project delivery.

## WHY CHOOSE US

### QUALITY ASSURANCE

We use premium quality materials and follow strict quality standards to ensure long-lasting and safe structures.

### EXPERIENCED TEAM

Our skilled and experienced team delivers engineering solutions with precision and professionalism.

### CUSTOM DESIGN

We provide tailor-made designs that meet your specific requirements with efficiency and creativity.

### TIMELY DELIVERY

We value your time and ensure on-time project completion without compromising on quality.

### COST EFFECTIVE

Our competitive pricing and optimized solutions ensure the best value for your investment.

# HOW WE DELIVER

## BUILDING STRONG STRUCTURES

## BUILDING STRONGER RELATIONSHIPS

Through value engineering in steel structures, we optimize performance and cost efficiency. We hire top talent and continuously train our team to deliver exceptional service and ensure complete client satisfaction, building strong and long-lasting business relationships.

### OUR MISSION

To deliver innovative, high-quality steel structures that exceed customer expectations through timely delivery and superior service.

### OUR VISION

To be a leading steel structure company recognized for our quality, integrity, and contribution to building a stronger future.

### OUR VALUES

Integrity, Quality, Safety, Teamwork and Customer Satisfaction are the core values that drive everything we do.

### OUR COMMITMENT

We are committed to providing innovative solutions, maintaining the highest safety standards, building long-term relationships with our clients.
